# OrthoNeuro

Your Multi-Specialty Center  
of Excellence

Founded in 1941, OrthoNeuro was the first private group in Central Ohio to provide a multi-disciplinary center of board-certified physicians specializing in orthopedic surgery, neurology, neurosurgery, and physical medicine and rehabilitation.

OrthoNeuro established the area's first multi-specialty sports medicine center, Sport**Med**; as well as Spine**Med** for the complete treatment of spine and back disorders, and Work**Med** for the management and treatment of work-related injuries.

OrthoNeuro is dedicated to our patients' complete care from the assessment to a full recovery.
